1805 MOYON, Marc. The *Liber Restauracionis*: a newly discovered copy of a mediæval algebra in Florence. *Historia Mathematica*, 46 (2019) pp. 1-37. New critical edition of the anonymous *Liber restauracionis et opposionis* ("Book of Restoration and Opposition") based on a newly-found manuscript in the Biblioteca Medicea Laurenziana in Florence. Argues that this text is an original Latin adaptation, rather than a possible Arabic-Latin translation of a version/adaptation of al-Khwārizmī's Algebra. *Harizmî*
