PREGILL, Michael. Two sons of Adam: Rabbinic resonances and scriptural virtuosity in *Sūrat al-Mā'idah*. *Journal of the International Qur'anic Studies Association*, 6 i (2021) pp. 167-224. Proposes a more nuanced approach than previous scholarship to the relationship between *Sūrat al-Mā'idah* and rabbinic tradition and investigates the larger context of both the qur'ānic passage and the apparent source of the Jewish maxim in the Mishnah.
