768 STADLER, Nurit & LUZ, Nimrod. The veneration of womb tombs: body-based rituals and politics at Mary's tomb and Maqam Abu al-Hijja (Israel/Palestine). *Journal of Anthropological Research*, 70 ii (2014) pp. 183-205. "Examines the social dynamics at sacred 'womb tombs' in an effort to discern this architectural form's impact on contemporary religious experience, politics, and landscapes. With this objective in mind, Christian veneration at Jerusalem's Tomb of Mary is compared with Muslim worship at Maqam Abu al-Hijja in the Galilee."
